**For scholarship students on social criteria,  
regarding the payment of the scholarship for the academic year 201892019**

In order to help the students to face up more easily to the expenses due to the start of the school year, and in accordance with the commitments undertaken as part of the "Students" program announced on October 30, 2017, this year there will be an early payment of the first scholarship monthly instalment, on August 30, 2018 at the latest, subject to a complete scholarship file and to an administrative registration processed early enough before this date.

→ **Innovations for the academic year 2018/2019**

► **Contribution Vie Etudiante et de Campus (CVEC) = Tax for student life and campus**

The administrative registration depends on the **prior discharge** of the Contribution Vie Etudiante et de Campus (CVEC) [= *Tax for student life and campus*].

The CVEC is « *intended to facilitate the reception and the social, health, cultural and sport support towards students and to strengthen preventive actions and the health education set up for them* ».

So the purpose of this CVEC is to facilitate the development of services which can be useful for you in your daily life and in your institution as well as the development of benefits offered by the CROUS of your registration academy.

This CVEC is a **tax**, in opposition to a contribution ⇒ unlike a contribution, benefits are not derived on the basis of the discharge of this CVEC which consists in an involvement in the student life policy conducted as well by the registration institution as the CROUS.

The CVEC is **compulsory** and must be **settled every year**, in accordance with the following terms and conditions :

The payment or the justified exemption of the CVEC leads to the issue of a **CERTIFICATE** which is to be provided to the higher education institution in which you will be registered : this certificate is compulsory to complete and validate the administrative registration !
